### **Savings Gyms, Savings Lives....Rent Resolutions.**

#### Testimonial for Green Cross Solutions and Rent Resolutions

I am Henrique Santana, Black Belt Professor of Brazilian Jiu-Jitsu at the prestigious Haringey, Gracie Barra Gym, in North London.

Times are unsettled and difficult with COVID-19 Restrictions.

Income has been reduced dramatically but costs have risen due to the pandemic, from utility bills to new PPE measures and rules.

After working with the consultancy practice Green Cross Solutions, which is the main Group Company, who had provided cost savings exercises to assist with the gym's future existence.

I requested assistance with completing my bounce back loan and financial plan to support my application to my business bank. This was a successful application and a reasonable fee paid for the service which was hugely supportive of the business model both current and with future expansion plans.

Rent Resolutions is a new company that is providing Rent Reductions that are taken out of your commercial lease.

Prior to the involvement from Rent Resolutions, I had been persistently rejected any reduction from my landlord throughout the entire 'COVID-19 Restrictions'.

Thanks to the support and hard work from Rent Resolutions, with my Landlord and their representatives

**I have received a 25% reduction in my business rent from April 2021 to October 2021.**

I am recommending using both Green Cross Solutions and Rent Resolutions to the GRACIE BARRA Gym network, other BJJ gyms and mainstream gym owners,
